EXECUTIVE
SERIES

A4 price. A3 output.

More print, copy and fax for your money.

The ES8462 MFP signifies the start of a new era in colour multifunction products. Delivering A3 print, copy, scan and fax in a compact footprint, the ES8462 MFP will take care of all your A4 and A3 output requirements, without using up your budgets or floor space.

Available in desktop or floor standing configurations and with a choice of paper handling options, the ES8462 MFP will enhance output efficiency for workgroups and small businesses, delivering all the benefits of full colour output together with flexible scanning and traditional fax capability.

The flexible configuration and compact size of the ES8462 MFP allows you to increase output efficiency by providing a variety of deployment strategies that will best meet the requirements of your business.

And the impeccable credentials don't stop there; ease of use and network integration further enhance the ES8462 MFP.

The ES8462 MFP - only from OKI.

OKI Managed Print

Lock down your printing costs, smooth your business cash flow and receive supplies and support when you need it with a managed print solution. The Executive Series is built to suit the expanding requirements of managed print services.

There are many benefits of moving your print to a managed environment, whether you have one print device or an entire fleet.

With a range of managed print solutions to suit your business needs and integration with some of the world's leading managed print software providers, rest assured you are protected both now and into the future.

Key Features and Benefits

Print, Copy, Scan, Fax

4 in 1 functionality at your fingertips

A combination of A4 print speeds (up to 26ppm colour & 34ppm mono), 1200 x 600dpi resolution and ProQ2400 Multi-level print technology ensures that the ES8462 MFP delivers outstanding results without compromise.

High volume applications are swiftly handled via the standard 100-sheet reverse automatic document feeder.

The ES8462 MFP also offers true professional fully-featured ITU-TG3 standard fax capability. The 14.5 cm LCD touch-screen operator panel simplifies the sending of faxes to assist business efficiency, add to this a full array of scan facilities enabling you to scan to folder, email, FTP, HTTP or USB Memory at the touch of a button.

Security

Smart data protection

Get complete peace of mind with the enhanced security features of the ES8462 MFP. For absolute control and to ensure confidentiality is maintained where appropriate, print jobs can be subjected to 256bit job encryption. Add to this Secure Print, Secure Erase and the ability to restrict unnecessary usage, you can be assured that your data and your investment are protected.

OKI Template Manager

Template Manager provides creative freedom for a wide range of design requirements. With a choice of standard or customisable document templates, coupled with simple to use yet powerful graphic alteration tools, creating office or bespoke stationary couldn't be easier.

Make and print your own banners, business cards, posters, compliment slips and more printed in-house and on demand. The superior media handling capabilities provided by the ES8462 MFP allow you to chose from a wide variety of media.

OKI Print Control

OKI Print Control Software allows administrators to limit access to printers by choosing which users (determined by IP address) are allowed to print to the printing device. The administrator is also able to restrict access to colour or mono usage, independently by volume or by dollar value per month.

This enables your business to control your printing costs, down to a very granular level by individual user and document type.

Print Control consists of the PC Client, installed on each computer plus the Reporting Tool. Print Control job reporting includes the users ID, filename copies, finishing options used and any applicable fees setup for each individual user.

Size

Ultra compact A4 and A3 MFP

The ES8462 MFP is an ultra compact multifunction product offering all the flexibility and benefits of A3 printing in a footprint similar to an A4 MFP for workgroups or small businesses. Since office space is usually at a premium, that's a big advantage. The ES8462 MFP sits comfortably on or next to any desk and is so affordable that you can print, copy, scan and fax without breaking the budget.

Ease of use

Stylish design & functionality

The clear, intuitive touch-screen reduces the number of user interactions required to control advanced functionality, making even the most complex tasks fast and easy. Being closer to the desktop, the device improves productivity. Functions such as job interrupt allow you to prioritise your workload and gives access to other functions such as copying or scanning.

Media Flexibility

Unleash your creative side

The ES8462 MFP takes care of the day-to-day requirements in a high-performance multi-functional device. The flexibility of formats allows you to print posters, charts or booklets, while the software included in the machine enables you to create everything from business cards and CD labels to banners at a click of the mouse. Standard double-sided printing is included in all models, reducing paper use and saving costs.

Caring for the Environment

OKI pay closer consideration to the environment throughout the entire lifecycle of the product. This starts at the point of manufacturer, with all OKI printing devices manufactured at carbon zero production facilities.

The supply chain process is then considered, with the OKI group committed to an omissions target and practices the use of recycling many elements used in the logistics process.

Most OKI products utilise new bioplastic part technology. Bioplastic parts consists of at least 25% of plant-based renewable biomass resources. In addition, OKI LED print devices consume less power than most traditional print technologies.

The OKI group is also committed to recycling of printer hardware and consumables, working in partnership with recycling groups and companies in most countries.

The ES8462 MFP Features at a Glance

2nd tray + tall cabinet O	n/a	n/a
2nd/3rd tray + short cabinet	Optional	Standard
Memory	Optional 256MB; 512MB	

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the OKI trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.

Specification subject to change without notice. All trademarks acknowledged.

OKI

OKI is the business printing specialist.

Our single-minded aim is to help businesses to grow and to prosper by enabling them to create the best possible impression with their printed communications. By building on our proven reliable, single-pass technology, we have developed fast, high quality, cost effective printing solutions that benefit businesses today and into the future.

We also know how important reliability is for customers. That's why every one of our products is built to perform, day in, day out, helping to maintain business efficiency and provide that competitive edge.

OKI. No one does more in business printing.

Executive Series

Heritage of award winning products.

Building on OKI's heritage of award winning products, the exclusive Executive Series range of multifunction products, colour and mono printers provide hassle-free document solutions, budgetary control and enhanced workflow efficiency.

Our selected Executive Series partners can provide a print strategy and tailored execution that delivers total peace of mind through fully serviced products and the benefits of predictable budgeting.

3 Year On-site Warranty*

*Our devices are manufactured to the highest standards of quality and technology, which has been confirmed by independent tests. We are so convinced of the high quality of our products that we are offering you an extension of the standard warranty period to 3 years at no extra cost to you. Simply register your product within 30 days of purchase to be eligible for our unique all inclusive offer. Fully covered by OKI! For further information please visit: [HTTP://WARRANTY.OKI.COM.AU](http://warranty.oki.com.au)
Without registration, the standard Australian 1 year warranty applies.

OKI LED Technology

OKI has pioneered the integration of digital LED technology in printers for over 20 years, given them a proven history of perfecting the design and implementation process. The advantages of OKI LED technology include

- Smaller dot sizes create highly accurate output.
- Multi-level shading provides superior print quality and clarity.
- LEDs have no moving parts and are ultra reliable.
- LED is smaller and more compact, using fewer material resources and energy.

As a result OKI print devices provide superior reliability, consistency and image quality over the entire life span of the product. As a testament, OKI provide a lifetime warranty on the LED print array - the core component of the printing process.

High Definition Colour

High Definition Colour is OKI's own unique set of market defining hardware and software technologies. Together, these components deliver unsurpassed colour printing simply, intelligently and with perfect results.
